NEWS OF OUR MEN and WOMEN IN UNIFORM

The Aloe Army Air field, Victoria, Texas, reports that **William J. Simoncini,** son of Mr. and Mrs. Fred Simoncini, 2223 Eighteenth avenue, San Francisco, formerly Daly City residents, has been promoted to the grade of corporal from private first class. Aloe is an advanced single engine pursuit pilot training field, and Simoncini is stationed as crew chief of aircraft mechanics.

Simoncini, a graduate of Jefferson Union high school, took his basic training at Jefferson Barracks, Missouri.

John Robert "Bob" Baker, the Daly City Record's reporter on the city beat prior to his induction into the U. S. Army, has just been named to the staff of the camp newspaper at Camp Joseph T. Robinson, Arkansas, where he is with a hospital detachment.

"Hope to see you all by the Fourth of July," Bob wrote. "It ought to be all over plus my six months then. Kaltenborn said last night that the Germans outsmarted us by freeing Mussolini but I say Hitler just has another mouth to feed. More than one—they freed Mussolini's family too, didn't they?"

Baker sent greetings to the boys at the city hall and the rest of his Daly City friends, in his note.

George D. Murray, 47 Duncan street, San Francisco, is now stationed at the Kearns, Utah, Army Air Forces Basic Training center, it is announced by Colonel Converse R. Lewis, commander.

The son of Mrs. Mary Murray, 712 Templeton avenue, Daly City, he has been in the Army Air Forces since August 23, 1943.

Men at this post are trained under the rigorous program of the Air Forces Technical Training command before going to duty with ground crews.

Murray's wife is Mrs. Eileen C. Murray, 47 Duncan street.

To Open Welding Exhibit For Public

A welding exhibit open to the public!

This is the novelty introduced by the Western Pipe and Steel company at Mission and Vale streets, Daly City, for the convenience of interested persons in the Daly City-Colma area.

This step has been taken by the company as a result of many inquiries made by men and women who are not familiar with just what welding is, and who want to know more about it.

It is hoped by this plan to give visual demonstrations at this convenient center instead of at the plant training school or at the plant itself.

The exhibit will be in charge of an expert, who not only will give demonstrations of the work, but will be glad to permit interested citizens, who may be prospective welders, to "try it themselves" under his guidance.

The company reports that, because of its proximity to the Daly City-Colma area, a substantial percentage of its personnel live in this section. Many others have shown a desire to obtain employment at the plant but are uncertain as to what kind of work they are best fitted for. The welding exhibit has been opened for the convenience of such citizens.

To Observe Fire Prevention Week Here

Fire Prevention Week will be observed in Daly City during the first week in October, October 3-9. The local fire department, headed by Fire Chief Andrew P. Chesney, wishes to call this observance and its significance to the attention of all local residents.

Chief Chesney said, "I would like to see the citizens of Daly City hold Fire Prevention Week 52 weeks each year. It is difficult for one not connected with the fire service to believe that deaths by fire annually total 10,-

That "Closed" Means Just That!

"CLOSED"—that's what the sign on the door at the office of Daly City Draft Board No. 103, at the city hall, 75 Wellington avenue, says, and that's what it means.

A huge inventory of the classification and status of all registrants is under way. The only conditions under which personnel at the local headquarters can possibly complete it in time is to have the public observe the hours as set forth by Colonel Kenneth H. Leitch, state director of Selective Service.

Daily, except Sunday, the local board is open to the public between 3 and 5:15 p. m. while the inventory is being taken. At all other times no personal or phone calls should be made to the office, according to Mrs. Isabelle Flynn, chief clerk.

"We do ask public cooperation during this inventory. It's a big job and we wish to complete it speedily. As soon as it is finished we will resume normal business hours," Mrs. Flynn said.

MAIL GIFT PACKAGES TO SOLDIERS OVERSEAS BEFORE OCTOBER 15—The period from September 15 to October 15 has been designated as Christmas mail month when gifts may be mailed to American soldiers overseas without presentation of a request from the soldier. Packages should be indorsed "Christmas Gift Parcel" and limited to five pounds in weight, 15 inches in length and 36 inches in length and girth combined. Wrap securely and address legibly with full name, grade, Army serial number, service organization and unit, APO number of the addressee and the post office through which parcels are to be routed. Postage must be fully prepaid. Do not send perishable matter.

Defeat Mantecas In Close Contest

Baseball fans who packed the stands at Marchbank park, Sunday afternoon, for the first game of the Peninsula Summer league championship playoffs, saw a close contest with the final result in doubt until the last inning. Daly City's Farallone Packers came from behind to defeat the Moffat Mantecas, 7 to 5, and take the first of the two-out-of-three series.

Not until the last of the fifth inning, and trailing by a 3-0 score, did the Packers start scoring. With two men out, Barsotti started the rally with a hit, and a steal to second base. Next up was York, who singled, placing Barsotti on third. Then Petrocchi repeated with a safety to fill the bases with Packers. With the bases full and two out, Trutta smashed out a triple which tied the score, 3-all.

In the sixth frame, the Moffats forged into the lead again with two runs, only to be tied when the Packers duplicated in their half of the seventh. Holding the visitors in check during the first of the eighth, the Farallones tallied twice more, and followed through with another shut-out in the ninth to win the game.

Veteran Walter Lister of the Packers, and Manny Vargas were the opposing pitchers. Manager Charles Norry of the Daly City squad reported satisfaction at the size of the crowd which turned out for the game, and at the generous donations by merchants which made the series possible for the local diamond.

The preliminary morning game,

Don't Throw Away Those Book Covers

"Don't throw away the covers to War Ration Book One and War Ration Book Two," advised Miss Genevieve Blue, chief clerk at War Price and Rationing Board No. 83-12-3, this week. Her announcement was made because all local residents will need these covers when applying for War Ration Book Four, to be issued the latter part of October.

Just how the signup for Book Four is to be handled has not been released for publication as yet.

Miss Blue, who is enjoying a brief vacation, will return to her desk, Monday, September 27. In her absence Miss Betty Franklin is in charge.

Plan All-Out Drill For Thursday, Oct. 28

An all-out drill for every service under the supervision of the Daly City War Council will be held, Thursday evening, October 28, according to an announcement made, this week, by Director Arthur J. Bodien. The drill will be conducted in that section of the city north of Bepler street and Wellington avenue. Incidents are already being prepared for the test, first major review in several months.

Harry Melicker, chief air raid warden, is supervising preparation for a general discussion meeting to be held at the high school auditorium, Thursday, October 14. Civilian defense and its role in the changing pattern of the war will be studied. The public, as well as the various civilian defense volunteers, is invited.

The control center drill at the city hall, Thursday night, September 16, was successful, according to Bodien. He said that due to the simplified filing system devised by R. L. Crane jr. the incidents were handled with more dispatch than usual. He also praised the efficiency and speed of the women who serve as telephone operators at the center.

Next war council meeting will be Thursday, October 7.

Postal Officials Ask Cooperation

The Daly City post office reported, this week, that although response to the postal delivery number system has been gratifying, it is still not being used as universally as desired.

"It will expedite the delivery of your mail if you will request your friends, relatives, church, bank, lodges, and the publishers of magazines to which you subscribe to include your delivery district number in your address," post office officials pointed out.

Daly City residents are urged to place their district number, which is 25, in the return address on all mail.

Those who have a Christmas card mailing list are advised that the post office will supply the corresponding delivery district numbers without charge. Information may be secured by calling MArket 2500 or at the Daly City branch, 6251 Mission street.

Business firms and individuals who use printed stationery are asked to cooperate by having their postal delivery district number included in the printed address.

Girls Outnumber Boys On Campus For Fall Semester

Public Night School To Begin September 28

"Man-power" is noticeably short, even on the campus of Jefferson Union high school. Enrollment figures compiled, Monday, September 20, opening day, clearly indicated a preponderance of girls. There were 575 enrollees in all. This figure compares favorably with the total at the end of the last school term. Many of the older students have remained in industry, but there were far more new and out-of-state registrations than ordinarily.

Five new faculty members reported for duty, Monday. They are Miss Hilda Bloom, domestic science; Miss Dorothy Crowe, chemistry; Miss Elda Della Mora, Italian and Spanish; Marion Hall, boys' physical education instructor and football coach; Miss Eunice Philbrick, biology.

Night school classes have been scheduled, as usual, this term, and the public is urged to take advantage of them. The business classes, such as office machines, typing, shorthand, and bookkeeping, and beginners' English and Americanization courses will be held each Tuesday and Thursday night, 7 to 9 o'clock, starting Tuesday evening, September 28.

Every night, except Saturday and Sunday, the pool and gymnasium will be open to the public from 7 to 9:30. The pool is reserved exclusively for women on Wednesday evening.

Night school students should plan to enroll, September 28, for sure to facilitate speed in getting under way with the night school program.

Principal James Ferguson will be glad to discuss any night school subjects not listed as yet in which a sufficient group of students would be interested to warrant inclusion in the curriculum.

Complete Survey Of D. C. Water Works

A 2-weeks survey of the entire Daly City Municipal Water Works has just been completed, reports Superintendent Arthur J. Bodien. It was made by engineers from the Pacific Gas and Electric company and when presented to the city it will show accurately the capacity of every well here, the horse-power used, the efficiency of each booster pump, and the draw down of all wells.

This survey will help the future development of the Daly City Water system when the demands of a constantly increasing population growth are met. "It will help immensely in drafting proposed post-war work," Bodien said.

The engineers' verbal report indicated that the plant as a whole was operating efficiently.

Soldiers Get Speedy Response

Last week's Daly City Record, which carried an appeal for the soldiers stationed in this vicinity, was scarcely off the press before the requested donations were made.

The boys needed an ice box and a dressing table for their barbershop, according to Sergeant Joe Stone; The Record asked for public cooperation, and by nightfall, Thursday, the ice box and dressing table were as good as set up at the camp barbershop.

The donations were made by Mrs. Jack Jaymot, 36 Miriam street, who gave the dressing table, and by Georges H. Bos, 24 Alexander street, who supplied the ice box.

Nice work, Daly City!

Frank Rehe Adds Another Station

Expansion to include a second unit is being announced by Frank Rehe, proprietor of Frank's Union Super Service. Since the opening of a station at 6200 Mission street, on March 10, the firm has enjoyed a steady growth of business which has made the added space necessary.

The new station is located on Alemany boulevard at Sickles avenue, and is fully equipped for complete service. Manager of the new unit is Albert Rehe, who has been associated with Station No. 1 for almost four months. At both places, assistants have been employed to give speedy service to customers.

Motor tuneups are specialties of the firm, along with the famed Union Oil company's "Stop-Wear" lubrication, complete Union Oil products, official tire inspection, and full selection of accessories.

"We consider ours an essential industry," says Frank Rehe, "Because so many war workers depend upon us to keep up their cars and provide transportation to vital war jobs. 'Keep 'Em Rolling' has been our slogan since opening, and our confidence in this area has led us to expand for increased service facilities."

000 and the financial loss amounts to a million dollars every 24 hours. More now than at any other time, the public should be fire conscious as every fire, whether in a home, store or factory retards, to a certain extent, the production of items or food necessary for carrying on the war effort.

"Fifty per cent of the fires which occur are preventable if proper precautions are taken by the citizens," Chesney exclaimed.

The fire department asked storekeepers to be especially careful to keep their places free from cartons, paper, and rubbish which might easily catch fire.

Chesney also pointed out that if fire does break out in a resident's home, he should turn in an alarm at once and not try to fight a fire that is too big for him. "We have the apparatus and the trained men. Call us at once," he said.

When turning in an alarm, the resident should wait at the fire alarm box to direct the firemen to the exact location of the fire. If the phone is used to turn in the alarm it is not necessary to take time to look up numbers, the chief pointed out. All that is necessary is to ask the operator for the Daly City Police department.

Two Men Admit Veteran Robbery

Last week, the Daly City police received word that two men, who admitted they were the ones who broke into Veterans Inn, recently, and stole a supply of liquor, were being held by the San Francisco Police department.

This cleared up the matter of who the thieves were, but a great deal of the stolen liquor is not as yet recovered because the men had unloaded the "hot stuff" from the Bay area to Reno, Nevada.

In the robbery, Veterans Inn lost nine cases of Dougherty bourbon fifths, three cases of Dougherty bourbon quarts, one case of Black and White, three cases of Kentucky Best, one case of Martinelli brandy, one case of American Bond stock, and one case of Old Guggenheim.

SUNDAY DINNER *Suggestions*

THE weather is getting cool enough to make pork an appetizing main dish and as smoked pork is more plentiful this week it is a good suggestion for Sunday dinner.

Corned beef is also fairly plentiful, according to the A & P Service for Homemakers, and there is more poultry available, particularly small-sized roasting chickens.

With the arrival of fall, apples are filling the fruit stalls with bright splashes of red. Grapes are reasonably plentiful but citrus fruit still remains a luxury.

This is about the last week that tomatoes will be so low-priced as to be the best canning item on the market and in another week or ten days the supply will be considerably diminished. There is not much longer to enjoy corn on the cob, but beets, beans, potatoes, turnips and greens are plentiful.

Based on the more plentiful items in market the following menus offer ideas for Sunday dinner:

No. 1

Celery Stuffed with Cottage Cheese
and Grated Carrot
Corned Beef Loaf
Scalloped Potatoes
Sweet-Sour Spinach
Whole Wheat Rolls
Pumpkin Pie

Health Department Issues Report

During the weeks ending September 4 and September 11, Daly City did not have one reported communicable disease, according to the bulletin of the San Mateo County Department of Public Health and Welfare.

Dr. Charles C. Gans, health officer, reports that there has been a decrease in the number of polio cases in the Bay area in the past two weeks.

"This decline during the month of September is typical of the epidemics of 1927-30 and 1934 and it is reasonable to expect an improvement in the situation at the present time," Gans said.

San Mateo county reported 21 cases of poliomyelitis (infantile paralysis) during the year to September 15, 1943.

FOREIGN POLICY

In a recent speech, Secretary of State Cordell Hull made it clear that the hard core of the administration's foreign policy is participation in a post-war organization of nations which would preserve the peace of the world even to the extent of using force to do so.

The picture he painted of such an organization was a general one, lacking details, but within its framework he indicated that six outstanding "and deeply rooted beliefs in the minds of our people" could find expression. These, he said were:

All peoples who have qualified themselves to assume the responsibilities of liberty are entitled to its enjoyment. Each sovereign nation, large or small, is the equal of every other nation. All nations, large and small, which respect the rights of others, are entitled to freedom from outside interference in their internal affairs. Willingness to settle international disputes by peaceful means and observance of international law are the bases of order among nations and of mankind's continuing search for enduring peace. Non-discrimination in economic opportunity is essential to sound international relations. Cooperation between nations in the spirit of good neighbors, founded on liberty, equality, justice, morality and law, is the most effective method of safeguarding and promoting the political, economic, social, and cultural well-being of all nations.

At first glance, these add up to an extension of our Western hemisphere's "good neighbor" policy to the entire world, plus the policy of self-determination for all nations enunciated by Woodrow Wilson during the first World War.

Cordell Hull's speech—the first made by him in more than a year—is a valuable contribution to current debating over the nation's foreign policy. It answered his critics who had charged him with having no policy, and it served notice on the world that the policy would be, as he put it, "expressive of the country's fundamental national interests."

CONGRESS RECONVENES

Congress is back on the job in the Nation's Capitol after a 10-week vacation with the "folks back home."

It is a different Congress. Not that the personnel of Congress has changed but the attitude of its constituents has—and therein lies the difference.

For ten weeks the lawmakers have been listening to what the people had to say. And the people said plenty. The war, bringing with it heavy taxation and many restrictions, has made the average American acutely conscious of government—especially the Federal government. And while the "man on the street" is quite willing to pay his share of the war and to accept whatever restrictions are necessary, he has made it plain to his congressman that care should be used in government spending, and that some of the restrictions are needlessly severe.

Many people are suspicious that government bureaus are using the war as an excuse to regulate almost every detail of their private lives, and that an attempt will be made by theorists to continue them even after the emergency is over.

It all adds up to the fact that the American people as a whole are undoubtedly doing more real thinking today than ever before. And it is none too soon. Too long has the "government" been some far-off, vaporous entity that always had unlimited cash to spend. Too long has there been the feeling that it didn't make much difference what Congress or the other branches of government did, because it didn't seem to affect us much, anyway.

But all that is changing now. It has required an earth-shaking war with all its jarring effects to knock much of the complacency out of us. But this change has come—that's the important thing. And Congress knows it.

MOLE HOLE — U. S. fighting words for photographic dark room. Observation planes returning from enemy territory must bring back photographic records to aid in mapping invasion campaigns. We on the home front must set a record for War Bond buying to assure the success of this campaign. Back the attack with War Bonds.

QUICK, WATSON, THE NEEDLE!

The severities of war are pressing ever harder upon the men of America. First it was gas rationing—then food rationing—now it's the laundry.

The latest decree from OPA eliminates all "frills." What does that mean? Well, it means that if you're single you had better start looking around for somebody to sew buttons on your shorts—or learn to use the needle yourself. Apparently the OPA considers buttons on your shorts as "frills," because the laundry can't sew them on for you anymore.

Furthermore, collars on your shirts will either be done in the droopy, nonchalant style or resharpened with a standard grade of starch. There will be no in-between degree.

Anyway, we hope "it all comes out in the wash."

READING & WRITING

BY Edwin Seaver AND Robin McKown

BROOKLYN is probably one of the best known and least understood towns in the U.S.A. It is large enough to be a leading metropolis in its own right and yet, because of its proximity to New York, it is usually thought of as a sort of backyard big city.

BETTY SMITH

Maybe that's why Brooklynites feel so strongly about their home town. Here is Betty Smith, for instance, the author of one of the year's most highly praised first novels—"A Tree Grows in Brooklyn." "Brooklyn is not a city," Miss Smith says. "It is a faith. You cannot become a Brooklynite. You have to be born one."

The Brooklyn Betty Smith writes about in her novel is that of the period between 1907 and the end of the last war, and the scene is the teeming, tumultuous tenement district just across the river from lower Manhattan.

The principal character is Francie Nolan, and the story follows her through childhood, adolescence and young womanhood; tells of her friends and her lusty family, whose vitality and zest for living could not be quenched by poverty or hardship. Those who read "A Tree Grows in Brooklyn" will discover that, after all, Brooklynites are not so different from the rest of the world. There are good and bad people in Betty Smith's story, happy ones and ridiculous and pitiful ones, and those who, like the heroine, have stardust in their eyes.

Christopher Morley says "A Tree Grows in Brooklyn" is a story that "merits and will receive great honor." It was bought by Twentieth Century-Fox several months before publication and now it looks as if it may be one of the most popular novels of the early Fall season.

Some months ago, John P. Marquand, author of the September book-of-the-month "So Little Time," decided to take up farming in earnest on his place at Newburyport. He employed a resident farmer to help him raise, among other things, chickens, ducks and pigs. Reports Farmer Marquand ruefully: "We bought the pigs so they could eat up all the garbage, only to find out that they eat only very special kinds of garbage. And now, together with the chickens, they are eating us out of house and home."

CLIMAX TO A COLLEGE ROMANCE

A collegiate romance was culminated, Monday, September 6, when Stanley Wilson jr. claimed for his bride Miss Julia Steele, of Daly City. The nuptials, planned for the late fall but pushed ahead when the benedict received an unexpected furlough, were performed at 7 o'clock in Our Lady of Perpetual Help church.

Marquisette fashioned the yoke of the white satin wedding gown with its sweeping train and long sleeves. The fingertip veil was held in place by a sweetheart crown, trimmed with seed pearls and satin. The bridal bouquet was of bovardia and gardenias with a shower of bovardia.

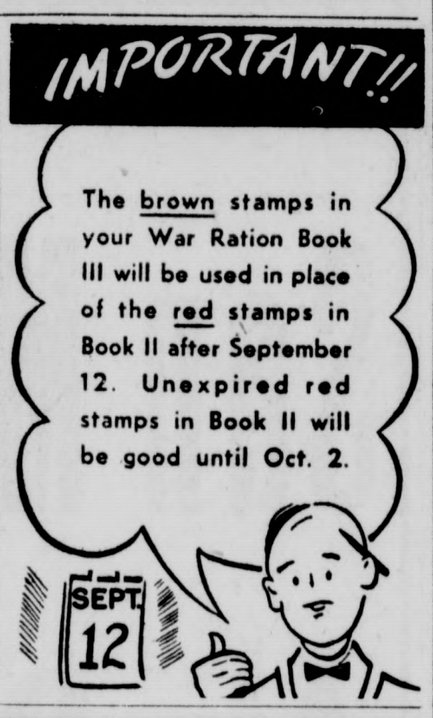

Miss Dorothy Throndson, a sorority sister of the bride, was maid of honor and the bridesmaid was Miss Margaret Steele, a sister of the bride. The attendants were frocked alike in white marquisette over green slips and wore haloes of flowers and white net in their hair. Both girls carried shower bouquets of green carnations.

Robert Armstrong, U. S. Army, stood with the groom as best man and the ushers were Jack Trainer and Richard Zipser.

The vow exchange was followed by a reception.

Julia is the daughter of Mr. and Mrs. John I. Steele, 475 Winchester street. She was a graduate with the June class from San Francisco State college where she was active in the Associated Women Students.

The groom, who is the son of Mr. and Mrs. Stanley Wilson, of San Francisco and Los Angeles, was graduated from San Francisco State college in 1942. He did graduate work at Stanford university and is now stationed at Fort Francis E. Warren in Wyoming, where his bride plans to join him soon.

Four Fires Call Out Men On Sunday

Four fires called out men and apparatus here, Sunday. At 11:06 a. m. a Market Street railway car on the No. 40 run caught on fire at Mission and Price streets. Companies Nos. 1, 2 and 6 responded. At 2:32 p. m., a grass fire next to Dan's restaurant on Mission street gave the same companies a lively workout before it was brought under control. At 4:45 p. m., Companies Nos. 1 and 4 put out a grass blaze on the hill at the end of Crocker avenue, and at 5:45 p. m., Companies Nos. 1 and 2 put out a fire involving the fence and outside wall at 73 Los Banos avenue.

Monday, September 20, a fire was neatly averted when Police Officer August Benassini climbed a back fence, entered a kitchen and turned off the gas under a pot of food which was more than on its way to burning. His action was prompted by a call to headquarters which reported a fire in the vicinity of 9 Gambetta street.

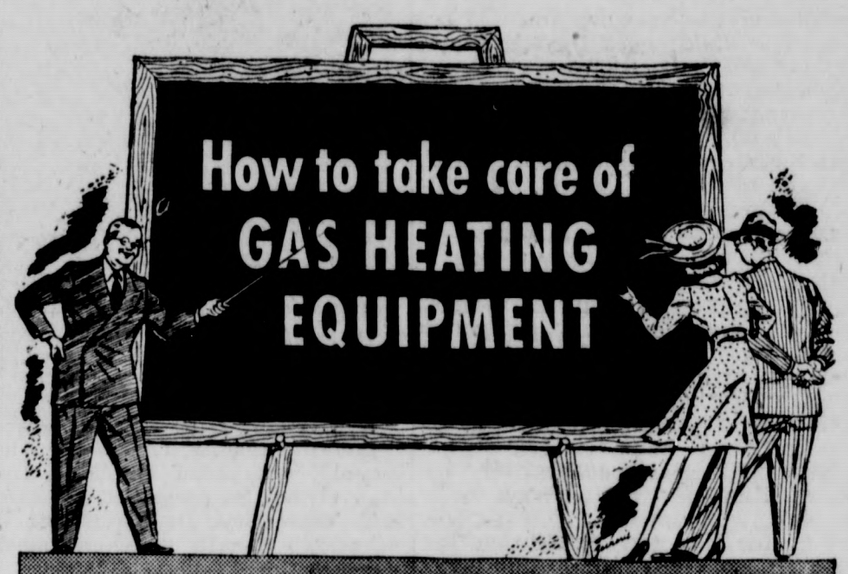

On Monday at 11:45 a. m., Companies Nos. 1, 2 and 4 responded to a grass fire at Knowles avenue and Mission street, and at 7:45 p. m. Companies Nos. 1 and 2 put out a blaze occasioned when a transformer caught fire at San Diego and Westlake avenues.

Seize Seven San Francisco Men In Raid

Hearing for the seven San Francisco men, described as professional gamblers seized in a San Mateo county raid, Saturday night, will be held this morning, September 23, in the Daly City court of Judge John J. Fahey jr. All were charged with violating the state gambling code.

The raid was made on an establishment near Bayshore City. The men nabbed each posted $100 cash bail and were allowed to go free pending today's hearing. Patrons of the place were allowed to go free.

RIGHT NOW is a good time to check up on the gas heating devices in your home. If repair is needed—do it at once. Usually, however, a good cleaning to remove dust and rust is enough. *See examples below:*

1 Take off the grill on your wall register or floor furnace. Have a cardboard carton handy and go to work with a brush or vacuum cleaner. A pancake turner can serve to lift out heavy dirt.

2 Is yours a forced-air furnace? Then take out filter pads. Give them a good cleaning or replace with new pads. Each fall have a heating dealer check over the furnace, fan, motor, controls and pilot light.

3 Take a look at the vent pipe that connects your heater and other gas equipment to the flue. If it is rusted out—have it replaced now.

4 Watch room temperature and save gas. Overheating your home isn't healthy anyway. If your fireplace has a damper—close it when the gas heat is on. It's good economy.

Gas Heating devices are built to give long years of service. Rust and dust are their worst enemies. With a little care now and then they will see you through the duration.

LEFT FOR TEXAS, SATURDAY

Something is missing at the city hall, this week, and it's the cheery smile of Mrs. Peter (Loretta) Maffei, popular clerk of the city court. In private life, Loretta is just another wife worrying about how her husband in the Army is getting along. And like most wives these days who have the opportunity, she left to join him. Private Peter Maffei is stationed at Camp Barkeley, Texas. He has now been in service about 3 months.

Mrs. Maffei, the former Miss Loretta Pinochi, a graduate of Jefferson Union high school, has been clerk of the city court and secretary to the purchasing agent of the city for the past three years. Prior to that she was employed as secretary to the late Judge Wade H. Clay. She has a host of friends among city employees and townspeople.

Mrs Imelda Jackson has taken over Loretta's duties at the city hall.

Red Cross Appeals For Women To Assist With Workroom Jobs

Is your boy in an army camp? Is there a place in his camp where he may relax when off duty?

As soldiers in nine San Mateo county army camps are entitled to their share of rest and recreation in leisure moments, the Red Cross sends out an appeal for volunteer workers, to renovate furniture which will give the boys a new lease on life during long hours which would otherwise hang heavily on their hands.

"Come to our workroom at 130 California drive," asks Mrs. R. Lent Hooker, chairman of the Camp and Hospital Service in San Mateo County's Red Cross chapter. "Volunteers to make curtains, mend and upholster furniture, paint, and polish are urgently needed immediately. Come and learn how, if you do not already know. You will find satisfaction in turning old furniture into new, and knowing that it will bring a touch of home to lonely servicemen far away from their families."

The Camp and Hospital service also asks for string, paper and Christmas cards left over from last year's holidays to be used for gifts which this organization will distribute to San Mateo county army camps at Christmas time. Donations may be brought to 130 California drive headquarters.

Labor Council Pledges Support To S. M. War Chest

The San Mateo County Central Labor council has given its endorsement to the National War Chest, parent organization of San Mateo county's War Chest, it was revealed, today, with the passing of a resolution by the union body, last week.

The resolution was submitted by Richard T. McAllister, secretary of Pressmen's Union, No. 315.

The resolution, which jointly endorsed the War Chest and labor's League for Human Rights, United Nations Relief, said in part:

"That all unions affiliated with the San Mateo Labor council participate in the formation of branches of the Labor League for Human Rights, United Nations Relief and the National War Chest."

The resolution pointed out that hundreds of thousands of the members of organized labor had taken up arms in the service of America and cited the good work done by the War Chest in the fight against the Axis.

The San Mateo County War Chest is a part of the National War Chest organization in that funds contributed to the local organization go toward aiding national war relief agencies as well as San Mateo county's own local agencies.

The War Chest campaign starts, October 18, and continues for 2 weeks thereafter.

DISTRICT PTA

Seventeenth district's P. T. A. school of instruction was opened, Thursday morning, September 16, with a welcome by the president, Mrs. Stella Jensen. In the absence of Mrs. I. H. Barnett, character education chairman, Mrs. F. L. Kneupfer gave the character thought for the day and led the flag salute. Reverend John Wilkins of the Burlingame Methodist church, where the session was held, spoke on service parents owe to youth today. He said, "We have trained young people for constructive living. Now their minds and wills have been turned to destruction. In this conflict we must help them never to lose sight of the ultimate aim of living and working toward a goal."

Luncheon was served at the church. Tables were beautifully decorated with tuberous begonias. Mrs. Raymond Ellis and Mrs. Faun Tuska were in charge of the program.

The October district meeting will be an executive board meeting and will be the first to be held in the morning instead of afternoon. This year general meetings will be held every other month, interspersed by executive board meetings.

WORLD'S BIGGEST "MAKE-UP" JOB UNGILDS THE LILY

When a crew of mountain climbers recently set out to "make-up" 50 square miles of mountains for a movie, they were told their job was to "ungild the lily." The picture was to be taken in technicolor, which emphasizes yellow. The make-up job, therefore, was to subdue the yellow in the cliffs, trees, bushes, flowers and shrubs. Instead of the usual make-up kit of cosmetics, these photographic experts shouldered spray guns filled with Texolite, a paint that is mixed with water, that dries quickly and which can be tinted to any hue desired. They went hiking about, peering through a little spectrum wheel, hunting for whatever looks yellow. Then they would spray it with the proper shade of Texolite.

This gigantic "make-up" job was done in the High Sierras, which were chosen as the location of the picture because it looks so much like the Guadarrama Range in Spain, where the story of Paramount's new picture. "For Whom The Bell Tolls" is centered.

Thoughts on the care and use of meat

WITH so little time available, I've had to cut my food shopping trips down to about three times a week. And I've found this presents some real problems in how to keep meats at home, and what kinds to buy so they will keep. Under rationing, of course, we have to be extra careful.

I've discovered one simple little formula. When I shop, I buy a quick-cooking meat for use that very evening and a longer-cooking, good-keeping variety for the next night or two.

Sometimes, when they're available, I get chops or ground meat to use right away. At the same time, I get lamb or beef ribs for long cooking, and wieners or sausage to keep.

Any meat that I want to keep for a day or two without cooking, like beef, pork, veal or lamb, I handle this way: After unwrapping it, I lay meat on pieces of waxed paper and fold it over so ends are open and pop it *right* into the refrigerator. I've learned that if it's wrapped too tightly, it may spoil.

Some, I know, store meat in the freezing unit of their refrigerator, or else have a special container for meat. I've tried putting meat right in the freezing unit, because it keeps well for a long time there—but I had a terrible time getting it out again unless I defrosted the refrigerator and of course it must be thawed before using.

I've been preparing meat for our dinners in a variety of ways, recently. Here are two of the ideas I have found especially good:

Kidney Saute—Allow 2 lamb kidneys per person. Wash and slice thinly; flour heavily; saute in bacon drippings or other shortening until brown. Add water to cover; season to taste with salt, pepper and Worcestershire sauce. Cook until tender over low heat, about 20 minutes. Serve over hot toast, biscuits, rice or noodles.

Oven Barbecued Ribs—Use breast of lamb or pork spare ribs allowing about a half lb. per person. Place whole or half rack of ribs in pan, meat-side up, and cook 1 hour to 1 hour and a half in a 400° F. oven or until brown and done. Turn when half-way through cooking and season with salt and pepper.

STEP UP YOUR MEALS WITH SAUCES is the title of my article in this week's Family Circle Magazine. I think you'll find some interesting ideas in it. Your free copy is ready at your Safeway.

Fluffy Omelet

2 tablespoons quick - cooking tapioca; ¾ teaspoon salt; ⅛ teaspoon pepper; ¾ cup milk; 1 tablespoon butter; 4 egg yolks, beaten until thick and lemon-colored; 4 egg whites, stiffly beaten.

Combine tapioca, salt, pepper, and milk in saucepan. Bring to a full boil, stirring constantly. Remove from fire. Add butter. Cool slightly while beating eggs. Add egg yolks and mix well. Fold into egg whites. Turn into hot buttered 10-inch skillet. Cook over low flame 3 minutes. Then bake in moderate oven (350° F.) 15 minutes. Omelet is sufficiently cooked when knife inserted comes out clean. Cut across at right angles to handle of pan. Be careful not to cut all the way through. News From District Grammar Schools

AT WOODROW

The student body of Woodrow Wilson elementary school held a special outdoor flag raising, last Friday, to celebrate their success in winning the "Minute Man" flag. R. L. Crane jr., superintendent of schools, acted as master of ceremonies.

Woodrow is the first elementary school in the Jefferson district to have a "Minute Man" flag.

The pupils of the school put forth a lot of effort to win this honor and were indeed proud of their success.

AT JEFFERSON

Jefferson elementary school opened for the fall semester with practically all of its former students returning plus a sizeable enrollment of new pupils. In an unbelievably short space of time, routines were in full operation and the school's 275 pupils had begun where they had left off at the end of the preceding term.

In accordance with its custom, Jefferson herewith lists the names of its kindergarteners and the members of its graduating class.

The sixteen students in the graduating class were: Cecelia Accinelli, Alvina Feno, Rena Mae Feutrier, Jack Ghio, Anna Mae Griffin, Eva Griffin, Albert Lagomarsino, Robert Lazzerini, Lorraine Massoni, Jack McCaffrey, Angelina Micheletti, Roy Ottoboni, Doris Pardini, Frank Sutter, Doris Vallerga, and Clara Zanobini.

The twenty-six new kindergarten children are: Linda Caravano, Nadine Baker, Jacqueline Baker, Carol Ann Bocci, Anita Del Buono, Diana Donati, Lois Fair, Sharlee Field, Diani Giacchino, Loretta Lagomarsino, Jeanette Lazare, Mary Ann Petroni, Helen Katheryn True, Barbara Wertz, Russell Cahill, Ronald Casentini, Richard Cecchi, Edward Dennis, Albert Figone, Louis Firpo, Frank Gyorgy, Vincent Leonetti, Sedley Pillow, George Rocchi, Dalton Schoch, and Freddie Shyrock.

Nadine and Jacqueline Baker are twins.

Kansas and Texas sent two of its young citizens to Jefferson's second grade. Thomas Nelson came from Kansas and Beverly Ann Wilson from Texas.

The fourth grade received new pupils from Arizona, North Dakota and Kansas—Joan Lindquist and Charles Christianson from North Dakota, Joan Nelson from Kansas, and Sara Lane from Arizona.

Mothers Club Takes Charge At D. C. Center

Members of the Mothers Club of Our Lady of Perpetual Help school will handle hostess duties at the Daly City Servicemen's club, 6201 Mission street during the week beginning Sunday, September 26. This week, Crocker Chapter No. 382, O. E. S., and Crocker Lodge No. 454, F. & A. M., are in charge. On Saturday evening, September 25, a social will be given for the boys, with dancing, refreshments, and special entertainment.

Mrs. Maisie Boyle, Mrs. Anne Eason, and Mrs. Margaret Steele, who direct the center, report that attendance averages sixty or more each evening at the club. The free dancing classes continue on Tuesday evenings.

A cash donation to the center was made, last week, by Mrs. Martha Wegner.

CIVIC CLUB

Members of the Women's Civic club will meet tonight, September 23, at the home of Mrs. Dora Holmberg, 215 Peoria street. It will be a regular business session, presided over by Mrs. Maisie Boyle, president.

The club's meeting opens at 8 p. m. and all members are urged to be present.

AT CROCKER

Crocker school set forth to "Back the Attack" of the third War Loan drive by investing $120.70 in War Stamps and Bonds as the first week of school opened. Cheery faces appeared delighted to boost the goal set to help Uncle Sam "pass the ammunition."

Students and teachers alike are back again at a definite program and both feel sure of a most enjoyable year ahead.

Fisherman's wharf, the windswept cypress of the Monterey coast, California Missions, and covered wagon days, greet one as he enters the eighth grade room of Crocker school. "Living in the San Francisco Bay area" is the unit this group is studying. Map work, early California history, has already been used as the introductory approach to this interesting study.

NEW PUPILS

With the reopening of school, many new pupils have enrolled at Crocker.

Among new arrivals in Room 6 are Louise Cole from Sumner, Washington; Phillip and Norma Chamberlain from San Francisco; Barbara Lou Andrews, Alameda; Myram Miser, Reno, Nevada; and David Fisher, a former pupil at Woodrow.

Room 4 welcomes Arthur Wordley, who came from Georgia.

Rita Hernanez, Room 4, spent her vacation visiting relatives in Mexico, and Mary Montano visited her grandmother in Colorado.

Among the pupils in Room 3 is a girl from Mexico who speaks little English as yet. The class is enjoying to help her with the new language. Her name is Felicia.

Room 2 has three new pupils: Marian Schnurman and Jack Willis from San Francisco, and Robin Wagner from Fort McDowell.

Eighth grade has two newcomers, Bernard Salan and Nemesio Paredes.

TOMMY GUN INSPECTION

Between sneaking attempts of the invading Japs to wipe out the remnants of thirteen expendables, Lloyd Nolan and Robert Taylor find time to give their tommy guns a thorough going over. The scene is from M-G-M's exciting drama, "Bataan," opening tonight at the Daly City theatre. Regarded as one of the most noteworthy films of its kind, the cast also has George Murphy, Thomas Mitchell, Lee Bowman, Robert Walker, a newcomer of no mean ability, Desi Arnaz, Barry Nelson, Phillip Terry and a host of others.

Stark Drama In Current Film

Thirteen men in a fever-infested jungle, fighting in a heroic fight-to-the-finish stand against Japanese hordes, provide stark drama and many thrills in "Bataan," saga of heroism under fire, now showing at the Daly City theatre.

The story deals with thirteen "expendables" assigned to blow up a bridge and fight a delaying action to cover the evacuation of the Army of Bataan. Human relationships between the men, whose assignment dooms them to certain death, provide a drama within a drama, as one by one the soldiers fall victim to bullets and malaria until Robert Taylor, the last of the gallant patrol, stands in his own grave fighting to the last.

Taylor has what is unquestionably the most dramatic role of his career as the hard-bitten sergeant. The players represent a literal cross-section of America and the Philippines. George Murphy is convincing as a lost pilot. Thomas Mitchell plays Corporal Feingold, turning in a skilful character portrayal, Lloyd Nolan plays a criminal who winds up a hero, and Lee Bowman, Barry Nelson, Desi Arnaz, Phillip Terry, Tom Dugan, Kenneth Spencer as a Negro soldier, Roque Espiritu, Alex Havier and Donald Curtis play the other soldiers in the epic of bravery. Robert Walker is Hollywood's most sensational newcomer in years.

Tay Garnett directed with skill and stressed the stark realism of the gripping story. The setting is a jungle battlefield. Unusual in that there is no feminine love interest, the story deals entirely with human relationships of strong men under fire.

LADIES HOME CLUB

The Ladies Home club is giving a public whist party, Tuesday, September 28, beginning at 2 p. m. at the Werner Avenue clubhouse. Local whist players are invited to enjoy the event. There will be a cash first prize and other nice awards.

Committee in charge for the whist includes Mrs. Julia Sturla, Mrs. Emilie Twesten, and Mrs. Ann Volkman.

The Pecos Army Air field reports that **Elliott J. Sidey**, 164 Los Banos avenue, has completed basic flying training and has been assigned to advanced training.

MILO'S MARKET DE LUXE

6315 MISSION ST.

What can I do?

We believe that nearly all Americans are convinced that, with all its drawbacks, a food rationing program is necessary for an equitable distribution of foods. We have only to remember the chaos which existed prior to rationing, when various lines were "bought out" at the stores.

To help make food rationing more workable, each American housewife or purchaser of food for the family unit, should do everything within her power to cooperate with retailers. An understanding of details of the program will do much to aid in daily shopping. Please remember that your food dealer does not make the regulations, but is charged with the responsibilities of carrying out a plan which rationing experts have decided is most helpful to the nation at large.

As Daly City's largest food center, Milo's Market brings you complete shopping service in one big, modern, deluxe market. At the "Top of the Hill" in the center of Daly City's business district, our one-stop convenience can be a real aid in these busy times.

Strongly competitive prices, made possible by our really big-store operations, reign in all departments. Featured are nationally famous brands of staple and fancy groceries at rock-bottom prices; complete selection of all kinds of fresh fish and poultry; and a meat department whose tremendous volume assures a wide choice of cuts and kinds of fresh and cured meats at low prices.

"Gardening" is a pleasure in our enormous section set aside for fresh fruits and vegetables, with racks and racks of every produce item in season. All are daily-fresh, hand-selected from the best at the growers' markets.

Mothers Club Reminds Public Of Whist

Whist players of Daly City and vicinity were reminded today by Mrs. Lorraine Wall, chairman, that the Mothers Club of Our Lady of Perpetual Help school will hold a Sunday afternoon whist, September 26, at Eagles hall, 6276 Mission street. Playing will begin at 2 p. m.

A cash first and other prizes will be given, the committee said.

Adolph, Benito and Hirohito —the three blind mice. Make them run with ten percent of your income in War Bonds every pay day.

Event To Benefit Community Center

The Colma Community center will give a whist party at the center, Dunks street, Colma, Friday afternoon, October 8 at 2 p. m. The price of a ticket includes refreshments. There will be nice prizes and the public is invited.

The party is being sponsored to raise funds to pay for new lockers and some necessary repairs to the building.

Mrs. Lizzie Atkinson, Mrs. M. Pauline Brown, and Mrs. Annie Flick are on the committee of arrangements.
